SKILLS SUMMARY

- **Languages:** C++, C, Python, Ruby, Java, MySQL, TypeScript, JavaScript, HTML/CSS, Bash, NASM
- **Tools/Frameworks:** Git, Gemini, PyTorch, NumPy, Pytesseract, LangChain, MongoDB, Next.js, React.js
- **Soft Skills:** Leadership, collaboration, communication, analytical problem solving

EDUCATION

University of Waterloo — B.Eng, Honours Software Engineering

Sept 2025 – June 2030

- **Current Cumulative GPA:** 4.0/4.0
- **Relevant Coursework:** Data structures and algorithms, linear algebra, digital logic, multivariate calculus
- **Leadership/Extracurriculars:** Concert Band Secondary Conductor, Warriors Band Secretary, former *osu!uWaterloo* Events Executive, Warriors Band/Drumline/Engineering Jazz Band/Animusic musician

PROJECTS

EverCare — Python, MongoDB, Gemini

- An AI app that verbally supports dementia patients through confusions by recognizing facial distress and generating appropriate responses, built for *DeltaHacks 12*
- Implemented AI chat by **integrating Gemini with MongoDB**, creating personalized responses

Personal Website — Next.js, React, Tailwind CSS

- A personal website to show my portfolio, games, and blog, built without vibe coding for an authentic look
- Created a “Word Hunt” puzzle game **using React states/refs/effects to handle game logic and synchronize it with an external API**, implementing timed powerups, validating English words, and much more
- Created all animations **using CSS animation properties**, making the site lightweight and aesthetic

EXPERIENCE

Infosys — InStep Intern

Bangalore, Karnataka • June 2026 – Present

- Currently developing an agentic intelligent document processor **using Google ADK** for the EdgeVerve subsidiary
- Developed an agentic intelligent document processor demo **using Google ADK, Pytesseract OCR, and PyMuPDF PDF processing**, creating a proof-of-concept for my larger project

University of Waterloo Warriors Band — Webmaster

Waterloo, Ontario • May 2026 – Present

- Currently developing the [band's website](#), updating it with new information and polishing its look frequently
- Created a [date converter](#) **using JavaScript DOM manipulation**, making a robust, reactive user interface

AWARDS AND HONOURS

Governor General's Academic Medal — Bronze

June 2025

- **Graduated with the highest average (98%)** of Albert Campbell High School's Class of 2025

University of Waterloo SESoc Competitive Programming Bee — 3rd Place

March 2026

- **Achieved 3rd place** amongst all participating University of Waterloo Software Engineering students

Albert Campbell High School — Senior Mathematics Proficiency Award

June 2025

- **Demonstrated the highest proficiency (99% average) across all senior math courses (pre-calculus, calculus/linear algebra, statistics)** of Albert Campbell High School's Class of 2025
